## Scatter Plots Homework

1. The table shows the numbers of pages in some paperback books and the books' prices. Plot the data on the graph provided.

Pages	Price (\$)
300	2.25
200	1.75
130	1.65
450	3.00
180	1.75
75	1.25
250	2.50

As the number of pages increases the price also increases

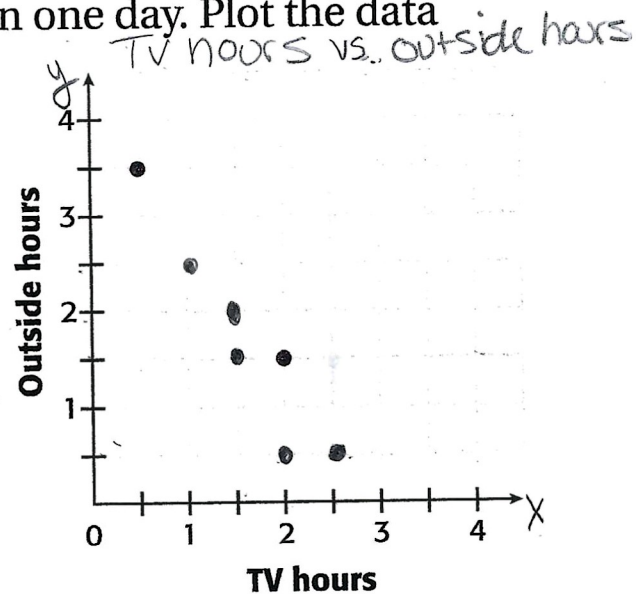

Association: POSITIVE

2. The table shows the number of hours some people spent outside and spent watching TV in one day. Plot the data on the graph provided.

TV hours	Outside hours
2.0	1.5
0.5	3.5
1.5	1.5
1.0	2.5
2.5	0.5
1.5	2.0
2.0	0.5

As the number of T.V. hours increases, the outside hours decreases

Association: NEGATIVE
